What To Expect In:

Nine stories ranging from the dramatic to the horrifying. First, in the novella *Back Looks the Abyss*, you'll meet a dear friend of mine, one close to my heart. His name is Kenny Myer and he has a story to tell and a lesson to teach. Then there are few more stories but don't worry, they're short. They are explorations of the mind and the darker side of the human condition. They delve into that side of each of us which few rarely tread.

- **Back Looks the Abyss** – A teenager struggles with bullying and the trials of growing up.
- **Incident In College** – A college student witnesses something horrific, changing his life forever.
- **Hippocrates Wept** – A single father wakes up covered in blood and with amnesia.
- **Into the Darkness and Back Again** – A terminally ill man faces death.
- **Paying Tribute** – A man returns to the spot of a fateful event to pay tribute to a lost friend.
- **Returning** – An awarded firefighter returns to 9/11's Ground Zero.
- **The Busted Out Heart** – A man's heart rebels against him in a particularly gruesome way.
- **The Languille Concept** – Don't lose your head! It's just a story about a student looking for extra credit
- **The New Roommate** – What if your college roommate brought back a horrific new roommate?
